## CONTINUATION SHEET

Solicitation Number:  
SP0410-03-R-1119PAGE OF PAGES  
2 24

The purpose of this effort is to provide worldwide support for various F404 engine machined parts Stock Numbers (NSNs) identified under the World Wide Web Industrial Capabilities Assessment Program (WICAP). WICAP bases NSN's on similar manufacturing processes utilizing the Department of Commerce's North American Industrial Classification Systems (NAICS). The NSNs identified under this solicitation are listed at Attachment 1.

This is an Indefinite Delivery, Indefinite Quantity Contract (IDIQ) for F404 machined parts. This contract includes a 2 year base period and two 2-year options for a potential 6 year contract. It is the intent of the government to award on an all or none basis however, the government reserves the right to break out any of the items on an individual basis if determined to be in the best interest of the Government.

Any exceptions to this solicitation must be provided as a separate attachment to this solicitation.

**PRICING:** The contractor is to provide pricing for the base period and all option periods. Attachment 1 identifies the NSNs, unit of issue, estimated annual demand quantity (EADQ), and the estimated demand quantities for the base period and each option period. (NOTE: Estimated demand quantities are estimated amounts for administrative purposes only.) All estimated demand quantities provided are based on the best projection available at the time of this solicitation and are subject to change. It is important to note that these NSNs with estimated demands of zero, DO NOT necessarily have zero demand. They may be items recently assigned to DSCR, items which historical data is otherwise incomplete or unavailable, or items for which the Government has no recurring demands and therefore cannot forecast a realistic estimate. For those items having a demand in the base period and/or option period of 0, pricing shall be based on the estimated annual demand quantity (EADQ). Contractor is to provide economic price quantities for all NSN's as well as any minimum ordering criteria. Contractor pricing is to be provided on the attachment 1 spreadsheet.

**TRANSPORTATION:** Prices shall be for FOB Origin. Exception to FOB must be noted and be on an all or none basis for the NSN's the offeror is proposing. The contractor shall consolidate shipments from the same source to the same destination whenever possible without delay in the established delivery date unless otherwise pre-approved.

**DELIVERY** shall be to Defense Logistic Agency (DLA) distribution depots as designated on each DO. The contractor shall ship ordered items on or before the required contract delivery date specified in the DO. The required delivery date for each NSN is indicated in Attachment 1. Delivery Orders (DO) will be issued to the contractor through the Paperless Ordering Placement System (POPs). Manual delivery orders may be issued on an exception basis. The contractor shall interface with DoD Information Systems in an Electronic Commerce/Electronic Data Interchange (EC/EDI) environment in accordance with Clause C3, 52.211-9G33 (POPs-Computer Compatibility). The Contractor shall ensure adequate systems interfaces are used to integrate commercial systems with Government systems for the entire logistics trail.

**SURGE AND SUSTAINMENT:** Surge and Sustainment NSNs are identified in Attachment 2. Surge and Sustainment requirements are outlined in clauses 52.217-9G25 (I92K), 52.217-9006 (I89F), Provision 52.217-9G26 (L59DA) and 52,217-9G27 (M19CA). The attachment identifies the individual quantity requirements for each month as well as the total six-month requirement per NSN. 'Surge Support' is one of the evaluation factors; therefore offerors are required to comply with the specific clauses/provisions.

**CLIN 6000 - Surge and Sustainment Requirement. NOTICE TO OFFERORS:** Clin 6000 is the surge quantity that may be ordered by the Government in a military contingency. The Government is not obligated to order any of the surge quantities and the contractor should not ship such quantities without receipt of an order clearly designated for surge quantities. The offeror must specify the percentage of price increase for surge quantities or state 'none'. If the offeror fails to do so, the offeror will be evaluated with no additional charge for surge quantities.

Surge Support Plus \_\_\_\_\_%

**CLIN 6001 - Capability Assessment:** Cost, if any, that the contractor would incur in complying with the requirement to conduct a surge validation plan. If none, state 'none'. Reference Clause 52.217-9G25 (I92K) and Provision 52.217-9G26 (L59DA).  
\$\_\_\_\_\_.

**CLIN 6002 - Investment Costs:** Investment costs, if any, to execute the surge plan otherwise state 'none'. Reference Clauses 52.217-9006 (I89F) and Provision 52.217-9G26 (L59DA). \$\_\_\_\_\_.

**QUALITY:** The contractor shall establish, implement, document and maintain a quality system that ensures conformance to all contractual requirements and meets the requirements of ISO 9001:2000. However, the contractor may propose an equivalent quality system model. The requirements of ISO 9001:2000 shall govern the requirements for quality. If the contractor chooses to propose an equivalent quality model, the clause in Sections E5 - 52.246-11 - Higher Level Quality Requirements must be completed.

Quality Assurance Provision (QAP) 002 applies.

**TECHNICAL DATA PACKAGES:** Items shall be manufactured in accordance with Government technical data packages and drawings. The contractor may obtain technical data packages using the following website:  
[http://dscr.dla.mil/tdmd/mb\\_index.asp](http://dscr.dla.mil/tdmd/mb_index.asp). Contractors must have a membership number to access technical data. Contractors must follow the instructions provided on this website to obtain a membership number and technical data.

The Contractor is responsible for notifying the Government if the drawings or technical data is different from the information cited in the Acquisition Item Description (AID). Attachment 3 includes item descriptions obtained from the Contract Technical Data File (CTDF). Contractors will be given read only access to several files in CTDF via

## SECTION B

B21B 11-9 POPS - PRODUCT INFORMATION:  
DSCR (JAN 1996)

Offerors are required to provide the following information regarding the items offered:

MANUFACTURER'S NAME

PART NUMBER/CATALOG NUMBER

Offerors shall write/type this information on the schedule of items below each item description unless such information has already been identified in the item description.

B24A 14-1 FACSIMILE BIDS/PROPOSALS  
DSCR (MAR 1999)

(a) Facsimile bids/proposals, amendments (including final proposal revisions (FPRs)), and withdrawals will not be considered unless authorized in the solicitation by either Provision 52.214-31, Facsimile Bids, or 52.215-5, Facsimile Proposals (Sec L). IF NEITHER PROVISION IS IN THE SOLICITATION, FACSIMILE TRANSMITTED DATA AS DESCRIBED ABOVE SHALL BE REJECTED.

(b) In solicitations that do contain either Provision 52.214-31 or 52.215-5, bidders/offerors are notified that for bid/proposal security reasons the FACSIMILE EQUIPMENT AS IDENTIFIED IN THE PROVISION IS NOT LOCATED AT THE PLACE DESIGNATED FOR RECEIPT OF BIDS/OFFERS. REGULAR INTEROFFICE MAIL PICK-UP OF FACSIMILE TRANSMISSIONS OCCURS AT 10:30 A.M. AND 1:30 P.M. DAILY.

(1) Bids, bid amendments, and bid withdrawals received by the facsimile equipment prior to 10:30 a.m. on the day of bid opening will be presumed to have been received on time.

(2) Proposals, amendments to proposals, withdrawals of proposals, and FPRs received by facsimile equipment prior to 1:30 p.m. on the day of closing will be presumed to have been received on time.

B33 17-5 MANDATORY OPTION REQUIREMENT  
DSCR (MAR 1999)

The option clause in Section I of this solicitation is MANDATORY. FAILURE TO PROVIDE this pricing information may result in rejection of your offer. If Schedule prices are requested on both an origin and destination basis and/or on incremental quantities, option prices must be offered in the same manner.

B33C 17-13 POPS-GENERAL SOLICITATION NOTICE  
DSCR (OCT 2001)

Delivery orders may be placed during the ordering period identified in FAR Clause 52.216-18 (Section I). The acquisition contains provisions for 4 option years. See DSCR Clause 52.217-9G08 (Section I).

B68 47-3A DSCR FORM P-41 FREIGHT SHIPPING  
INFORMATION (OCT 1999)

## SECTION C

C3 52.211-9G33 POPS - COMPUTER COMPATIBILITY  
DSCR (MAR 2001)

(a) In support of the Paperless Ordering Placement System (POPS), the awardee will be required to have a compatible computer system capable of accepting our offers and processing Electronic Data Interchange (EDI) transactions. The American National Standards Institute's (ANSI) X12 Standard will be utilized for formatting the EDI transactions. The EDI system must be available for on line processing not later than 30 days after date of award.

(b) The computer system must also be Year 2000 (Y2K) Compliant. Year 2000 compliant, used with respect to technology, means that the information technology accurately processes date/time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000 and leap year calculations, to the extent that other information technology, used in combination with the information technology being acquired, properly exchanges date/time data with it.

(c) The following ANSI X12 transaction sets are currently sent, received, and processed by the Defense Supply Center Richmond:

850 Purchase/Delivery Order Transaction Set  
856 Ship Notice/Manifest Transaction Set

(d) Awardee must be capable of sending, receiving, and processing the above ANSI X12 transaction sets and have an electronic mailbox on a DAASC certified Value Added Network (VAN). For 856 Ship Notice/Manifest Transaction Sets, the awardee will have the option of using the Web-856 application, if it becomes available.

(e) Information regarding EDI, ANSI X12 transactions, and DAASC approved VANs can be obtained from the DAAS web site by going to [www.daas.dla.mil](http://www.daas.dla.mil), then select SYSTEMS & SERVICES, next select EC/EDI, and lastly select DAASC's VAN LIST.

(f) Specifics of the POPS System can be obtained from:

## SECTION D

D41 52.211-9G45 POPS-SPECIAL MARKING INSTRUCTIONS  
DSCR (OCT 2001)

NOTICE FOR DIRECT VENDOR DELIVERIES: In addition to the requirements of paragraph 5.1.6.2., Markings of ASTM D3951, markings on exterior shipping containers will contain as a minimum the NSN, requisition number, and the contract delivery order number. These markings are to be applied through stenciling or other means, directly to the exterior shipping container or included in the body of the invoice/shipping document which will be permanently affixed to the exterior shipping container. Regardless of method

used, all markings must be visible to receiving personnel. When the total number of containers going to the same destination exceeds either 250 pounds (excluding pallet) or a volume of 20 cubic feet, then palletization is required except for 55 gallon drums.

NOTICE FOR SHIPMENT TO DLA STOCK LOCATIONS: Shipments to DLA stock locations must be marked in accordance with MIL-STD-129N dated 15 May 97 and AIM BC 1 with the following exception: Marking, including barcoding, and fragile marking (if required), must be on the outside container and all intermediary containers down to the specified QUP. DSCR Clause 52.211-9G22 (Sec F) applies.

**D4K 52.211-9G73 PACKAGING AND MARKING REQUIREMENTS (JUL 2002) DSCR**

(a) Unless stated otherwise, commercial packaging in accordance with ASTM-D-3951 is required for CONUS shipments from the contractor directly to the customer. Commercial packaging and marking is not sufficient for vendor shipments requiring movement through the Defense Transportation System (also referred to as the Military Distribution System or DLA Depot) as the shipment could ultimately be moved via Military Air.

(b) Higher level packaging in accordance with MIL-STD-2073 is mandatory for all shipments that meet the below criteria:

Movement through the Defense Transportation System including shipments to a Military Distribution facility or depot.

CONUS shipments  
FMS shipments  
Hazardous material, as cited in the AID or in the Quality Requirements Matrix.

(c) Materials not considered as HAZMAT for CONUS or CONUS commercial air shipments may be considered HAZMAT for MILAIR shipments OCONUS. As such, contractors/shippers shall ensure that material meeting HAZMAT definitions in DLA 4145.3, Preparing Hazardous Materials for Military Air Shipment, is packaged in accordance with that instruction when the consignee is OCONUS and the shipment will be moved through the Defense Transportation System. DLA 4145.3 is available on the internet at:  
[www.dscc.dla.mil/downloads/packaging/dlai4145\\_3.pdf](http://www.dscc.dla.mil/downloads/packaging/dlai4145_3.pdf).

(d) All items shall be marked in accordance with MIL-STD-129. Hazardous items and shelf life items, as cited in the AID or in the Quality Requirements Matrix, shall be marked in accordance with MIL-STD-129 and the appropriate clauses cited in the appendix to the matrix and the contract. The contractor is required to package material in accordance with Quantity Unit Pack (QUP), specified in MIL-STD-2073 and the Unit of Issue (UI), specified in each delivery order. A packing slip shall be located in a plastic pouch on the outside of the package. For HAZMAT destined OCONUS, a hard copy of the Material Safety Data Sheet (MSDS) must also be included.

(e) In the event of deployments, this clause may be invoked when shipments originally destined for a CONUS location are diverted to OCONUS destinations thereby necessitating movement of the material through the Defense Transportation System. In such an event, contractors will be notified by the Contracting Officer and an equitable adjustment will be made in the contract price as deemed appropriate.

NOTE: Applicable to negotiated solicitations. Offers that do not comply with the packaging and marking requirements as specified in Section D of this solicitation may be subject to rejection as being technically unacceptable.

**SECTION E**

- E3 52.246-2 INSPECTION OF SUPPLIES - FIXED PRICE (AUG 1996)**
- E5 52.246-11 HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT (FEB 1999)**

The Contractor shall comply with the applicable higher-level contract quality requirement cited below, which is hereby incorporated into this contract:

ISO 9001 or ANSI/ASQC Q9001 when Quality Assurance Provision (QAP) 005, 006, 159, 189, 216, 222, V02, or V03

is included.

ISO 9002 or ANSI/ASQC Q9002 for any other QAPs.

DSCR NOTE to 52.246-11:

The higher-level standards referenced above shall apply unless the contractor indicates the proposal is based on a contractor's preferred quality system as identified below:

- [ ] Other recognized industry standard(s) (but non-ISO/ANSI/ASQC) that is equivalent to or better than applicable ISO/ANSI/ASQC standard indicated above.  
Specify \_\_\_\_\_
- [ ] Other process control system that is equivalent to or better than the applicable ISO/ANSI/ASQC standard indicated above which has not previously been determined to be insufficient for the Government's purpose. This may include previously recognized MIL-I-45208 or MIL-Q-9858 systems which have been augmented to be equivalent to ISO 9002 or ISO 9001 respectively.
- [ ] An existing system modeled after  
[ ] MIL-I-45208 or  
[ ] MIL-Q-9858  
and not previously determined insufficient for the Government's purpose.  
THIS OPTION IS PERMITTED ONLY AS AN INTERIM MEASURE TO ALLOW CONTRACTORS TO TRANSITION TO ISO/ANSI/ASQC STANDARDS.

Third party certification/registration is not required nor will it be considered a substitute for the Government's right to audit/validate a contractor's quality system. ISO 9001 can be accepted for ISO 9002 requirements, however, the reverse does not apply.

MIL-STD-105 has been replaced by ANSI/ASQC Z1.4-1993, Sampling Procedure and Tables for Inspection by Attributes.

MIL-STD-45662A has been replaced by either ISO 10012-1, Quality Assurance Requirements for Measuring Equipment or ANSI/NCCL Z540-1, General Requirements for Calibration Laboratories and Measuring Equipment and Test Equipment.

I38 52.211-9000 GOVERNMENT SURPLUS MATERIAL  
DLAD (APR 2002)

(Previous versions of this clause are considered obsolete.)

DSCR NOTE: For electronic quotes, if the information requested by this clause cannot be submitted with your offer, it must be submitted off-line to the contracting officer prior to the solicitation closing date.

Awards citing origin inspection that authorize the furnishing of surplus material will contain a Quality Assurance Provision (QAP) S01 in lieu of the QAP (if any) specified in this solicitation.

A copy of surplus QAP S01 is available on the DSCR Master Solicitation, Section 2, at  
<http://www.dscr.dla.mil/qap/qaps.htm>. DSCR (JUL 2002)

(a) Definition.

'Surplus material,' as used in this clause, means new, unused material that was purchased and accepted by the U.S. Government and subsequently sold by the Defense Reutilization and Marketing Service (DRMS), by contractors authorized by DRMS, or through another Federal Government surplus program. The terms 'surplus' and 'Government surplus' are used interchangeably in this clause.

(b) The Offeror agrees to complete this clause and provide supporting documentation as necessary to demonstrate that the surplus material being offered was previously owned by the Government and meets solicitation requirements. The Offeror must provide this information and any supporting documentation on or before the date that quotes/offers are due; or within the timeframe specified by the Contracting Officer, if additional documentation is requested after submission of the offer. Failure to provide the requested information and supporting documentation within the timeframe requested may result in rejection of the offer. Unless the solicitation states otherwise, Offerors of surplus material are authorized to open packages, inspect material, and reseal packages. Each time this is done, the Offeror's authorized representative or inspector must sign the packages where they were resealed and annotate the date of inspection.

(c) With respect to the surplus material being offered, the Offeror represents that:

(1) The material is new, unused, and not of such age or so deteriorated as to impair its usefulness or safety. ☐ Yes ☐ No

The material conforms to the technical requirements cited in the solicitation (e.g., Contractor and Government Entity (CAGE) code and part number, specification, etc.). ☐ Yes ☐ No

The material conforms to the revision letter/number, if any is cited. ☐ Yes ☐ No ☐ Unknown If no, the revision offered does not affect form, fit, function, or interface. ☐ Yes ☐ No ☐ Unknown

The material was manufactured by: \_\_\_\_\_

(3) The material has been altered or modified. ☐ Yes ☐ No If yes, the Offeror must attach or forward to the Contracting Officer a complete description of the alterations or modifications.

(4) The material has been reconditioned. ☐ Yes ☐ No If yes, (i) the price offered includes the cost of reconditioning/refurbishment. ☐ Yes ☐ No; and (ii) the Offeror must attach or forward to the Contracting Officer a complete description of any work done or to be done, including the components to be replaced and the applicable rebuild standard. The material contains cure-dated components. ☐ Yes ☐ No If yes, the price includes replacement of cure-dated components. ☐ Yes ☐ No

(5) The material has data plates attached. ☐ Yes ☐ No If yes, the Offeror must state below all information contained thereon, or forward a copy or facsimile of the data plate to the Contracting Officer.

(6) The offered material is in its original package. ☐ Yes ☐ No (If yes, the Offeror has stated below all original markings and data cited on the package; or has attached or forwarded to the Contracting Officer a copy or facsimile of original package markings.)

(d) The Offeror agrees that in the event of award and notwithstanding the provisions of the solicitation, inspection and acceptance of the surplus material will be performed at source or destination subject to all applicable provisions for source or destination inspection.

(e) The Offeror has attached or forwarded to the Contracting Officer one of the following, to demonstrate that the material being offered was previously owned by the Government (Offeror check which one applies):

☐ For national or local sales, conducted by sealed bid, spot bid or auction methods, a solicitation/Invitation For Bid and corresponding DRMS Form 1427, Notice of Award, Statement and Release Document.

☐ For DRMS Commercial Venture (CV) Sales, the shipment receipt/delivery pass document and invoices/receipts used by the original purchaser to resell the material.

☐ For DRMS Recycling Control Point (RCP) term sales, the statement of account or billing document.

☐ For property sold under the exchange or sale regulation, conducted by sealed bid, auction or retail methods, a solicitation/Invitation for Bid and corresponding DRMS Form 1427.

☐ When the above documents are not available, or if they do not identify the specific NSN being acquired, a copy or facsimile of all original package markings and data, including NSN, Commercial and Government Entity (CAGE) code and part number, and original contract number. (This information has already been provided in paragraph (c) (6) of this clause. ☐ Yes ☐ No.)

☐ When none of the above are available, other information to demonstrate that the offered material was previously owned by the Government. Describe and/or attach.

(f) This clause only applies to offers of Government surplus material. Offers of commercial surplus, manufacturer's overruns, residual inventory resulting from terminated Government contracts, and any other material that meets the technical requirements in the solicitation but was not previously owned by the Government will be evaluated in accordance with the provision at 52.217-9002.

(g) Offers of critical safety items must comply with the additional requirements in 52.211-9005.

(h) If requested by the Contracting Officer, the Offeror shall furnish sample units, in the number specified, to the Contracting Officer or to another location specified by the Contracting Officer, within 10 days after the Contracting Officer's request. The samples

will be furnished at no cost to the Government. All such samples not destroyed in evaluation will be returned at the Offeror's expense. The samples will be evaluated for form, fit, and function with subassembly, assembly, or equipment with which the items are to be used. End items furnished under any contract award to the Offeror furnishing the samples can include the returned samples, and all acceptable end items will have a configuration identical to the samples. If specific tests of the samples' performance are made by the Government, the Offeror will be furnished the results of such tests prior to a contract being entered into. In addition to any other inspection examinations and tests required by the contract, the performance of the end items will be required to be as good as that of the samples submitted insofar as specific performance tests have been made by the Government and the results thereof furnished to the Offeror.

(i) In the event of award, the Contractor will be responsible for providing material that is in full compliance with all requirements in the contract or order, whether or not the Contractor has possession of applicable drawings or specifications, and despite the fact that the Government is unable to conduct in-process inspection. The Contractor's responsibility to perform is not diminished by compliance with the requirement to demonstrate that the offered material was previously owned by the Government. The material to be furnished must meet the requirements of the current contract or order, whether or not the material met Government requirements in existence at the time the material was initially manufactured or sold to the Government. The Government has the right to cancel any resulting purchase order or terminate any resulting contract for default if unacceptable material is tendered.

(j) If higher level quality requirements apply to the material being acquired, those requirements do not apply to surplus material furnished under this contract.

I38DC 52.211-9005 CONDITIONS FOR EVALUATION AND  
ACCEPTANCE OF OFFERS FOR CRITICAL  
SAFETY ITEMS DLAD (DEC 2001)

## (a) Definitions.

'Actual manufacturer' means an individual, activity, or organization that performs the physical fabrication processes that produce the deliverable part or other items of supply for the Government. The actual manufacturer must produce the part in-house. The actual manufacturer may or may not be the design control activity.

'Approved source' means a prime contractor or the actual manufacturer(s) cited in the acquisition identification description (AID). It does not include design control activities with no manufacturing capability.

'Critical safety item' (CSI) means a part, assembly, installation, or production system with one or more critical characteristics that, if not conforming to the design data or quality requirements, would result in an unsafe condition that could cause loss of, or serious damage to, the end item or major components, loss of control, or serious injury or death to personnel.

'Design control activity' means a contractor or Government activity having responsibility for the design of a given part, and for the preparation and currency of engineering drawings and other technical data for that part. The design control activity may or may not be the actual manufacturer.

'Exact product' and 'alternate product' are defined in the provision at DLAD 52.217-9002, Conditions for Evaluation and Acceptance of Offers for Part Numbered Items.

'Prime contractor' means a contractor having responsibility for design control and/or delivery of a system/equipment such as aircraft, engines, ships, tanks, vehicles, guns and missiles, ground communications and electronics systems, and test equipment.

'Rebranding' means remarking, re-labeling, repackaging, or otherwise obscuring the marking of the approved source cited in the AID (i.e., the prime contractor or actual manufacturer).

(b) The item being acquired is a critical safety item (CSI). Given their vital importance and the catastrophic consequences that can result if they fail, procurement of these items requires the highest standards of oversight and verification.

(c) This provision applies only to offers of 'exact product.' Offers of 'alternate product' will be evaluated in accordance with the clause at DLAD 52.217-9002.

(d) If the Offeror is the prospective awardee and is not currently an approved source cited in the acquisition identification description (AID) on the schedule page of this solicitation, the Offeror will be requested by the Contracting Officer to provide documented evidence prior to award sufficient to establish that the item being offered is (or will be) the exact item cited in the AID and is (or will be) manufactured by an approved source cited in the AID. Additionally, if the Offeror manufactures the offered item for an approved source cited in the AID, evidence of approval and acceptance by the approved source will be required. Evidence must include the following at a minimum:

(1) If offered item(s) are 'not in stock' or 'not yet manufactured' --

(i) A copy of Offeror's Request for Quotation to approved source cited in AID; and

(ii) An original, hard copy of quotation received by Offeror from approved source cited in AID; or other verifiable documentation of quotation. (If Offeror is unable to provide this documentation to the Contracting Officer prior to award, it must be provided to the Quality Assurance Representative (QAR) for examination at time of source inspection.)

(2) If offered item(s) are 'shipped' or 'in stock' --

(i) A copy of invoice on approved source's letterhead. (Invoice must identify exact item cited in AID and a quantity sufficient to satisfy the solicitation requirement.); or

(ii) A copy of packing slip which accompanied shipment from approved source to Offeror. (Packing slip must identify exact item cited in AID and a quantity sufficient to satisfy the solicitation requirement.); and

(iii) Inventory control records to establish that items Offeror proposes to furnish under current order are still in Offeror's stock. (This documentation is mandatory and must be provided to Quality Assurance Representative (QAR) for examination at time of source inspection. Documentation may be provided to Contracting Officer prior to award, at Offeror's discretion.)

(3) If Offeror is an authorized dealer/distributor, or manufactures the item for an approved source --

(i) An authorized dealer/distributorship agreement, licensee agreement, or other type of agreement. (The agreement must specifically identify the exact item, or otherwise ensure that the Offeror is authorized by the approved source to manufacture or distribute the exact item being acquired. If the agreement covers a general product line or is otherwise not product-specific, the Offeror must also furnish additional documentation to address the exact item being acquired (see above).); or

(ii) Letter from an approved source cited in the AID, specifically identifying Offeror as authorized to distribute or manufacture the exact item cited in the AID for that approved source; or

(iii) Other verifiable information (e.g., listing of authorized dealers on official Web page of an approved source) to establish the Offeror's authority to manufacture or distribute the exact item cited in the AID for an approved source cited in the AID.

(4) When the AID specifies a revision number --

(i) Documentation establishing that the

offered item was (or will be) made in accordance with the revision cited in the AID. (This requirement is considered to have been met when documentation provided by Offeror to satisfy other portions of this provision already establishes that offered item was (or will be) made to the revision cited in the AID); or

(ii) Documentation identifying the revision offered and the differences between the revision offered and the revision cited in the AID.

(e) By the submission of this offer, the Offeror represents that --

(1) The item(s) to be provided to the Government --

(i) Is (or will be) in full compliance with all requirements specified in the solicitation; and

(ii) Is not (or will not be) --

- (A) A factory second;
- (B) Changed, mutilated, or rebranded;
- (C) A manufacturer's overrun;
- (D) A rejected item; or
- (E) Government surplus material (unless Offeror has complied with clause at DLAD 52.211-9000, Government Surplus Material).

(2) In the event of item failure, Offeror will have access to, and will provide to the Government upon request, all information necessary to trace the item back through the manufacturing process.

(3) Any documentation provided by Offeror will correspond to the exact item(s) that will be furnished to the Government; or Offeror will obtain updated documentation and provide it to the Government (if, for example, Offeror sells item(s) to another Buyer before award or before tender for acceptance).

(f) Failure to provide adequate documentation within the timeframe requested by the Contracting Officer may result in rejection of the offer.

**I38DD 52.211-9006 CHANGES IN CONTRACTOR STATUS, ITEM ACQUIRED, AND/OR MANUFACTURING PROCESS/FACILITY -- CRITICAL SAFETY ITEMS DLAD (JUL 2002)**

(a) If any changes occur in the Contractor's business status or relationship with the approved source(s) after award of this contract (such as, for example, inability to obtain manufacturing process information; or changes in status as authorized dealer/distributor, or in terms of licensing arrangement), the Contractor shall immediately provide notification and documentation of the changes to the Administrative Contracting Officer (ACO).

(b) The Contractor shall immediately provide to the Administrative Contracting Officer (ACO) notification (and documentation, if available) of any of the following changes the Contractor becomes aware of:

(1) Later revisions to drawings, specifications or standards that differ from the revision cited in the acquisition identification description (AID) in the contract;

(2) Changes in the manufacturing process;

(3) A change in the approved source's manufacturing location; or

(4) A transfer of manufacturing facilities by the approved source since last manufacture.

**I38DE 52.211-9007 WITHHOLDING OF MATERIEL REVIEW BOARD (MRB) AUTHORITY - CRITICAL SAFETY ITEMS DLAD (JUL 2002)**

The item being acquired is a critical safety item. Notwithstanding any other term or condition included in this contract/agreement, Materiel Review Board (MRB) authority is hereby withheld. (This clause does not apply to sources that have explicit authority to retain MRB authority, which are identified on the DSCR Technical Oversight Office (TOO) Web site at <http://www.dscr.dla.mil/vg/CriticalPartReview.htm>.)

I66	52.216-18	ORDERING (OCT 1995)	I92K	52.217-9G25	SURGE & SUSTAINMENT REQUIREMENT DSCR (JUN 2001)
<p>(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued --</p> <p>FROM: March 2003</p> <p>THROUGH: March 2005</p> <p>DSCR NOTE: Ordering period above is based upon the assumption that an award will be made by 28 Feb 03. The ordering period specified in paragraph (a) above will be extended by the number of calendar days after the assumption date that the contract is, in fact, awarded.</p>			<p>(a) Definitions. As used in this clause-</p> <p>(1) 'Surge and Sustainment (S&amp;S) Capability' means the ability of the contractor and base suppliers to meet increased quantity/accelerated delivery requirements, using production and supplier base capabilities, in support of a broad spectrum of possible Department of Defense contingencies. This capability includes both the ability to ramp-up to meet early requirements (i.e., surge), as well as to sustain an increased production and delivery pace throughout the contingency(ies) (i.e., sustainment). The spectrum of possible contingencies includes major theatre warfare and smaller-scale contingency operations.</p> <p>(2) 'Surge and Sustainment (S&amp;S) Quantity' means the quantity beyond peacetime level requirements necessary to support contingency operations. The quantity and required delivery are identified on an NSN basis, representing that needed to support two separate contingency operations for a specified time period, generally a year unless otherwise specified in the schedule.</p> <p>(b) Scope of Requirement. The Contractor agrees to maintain the capability to produce and deliver the quantity of supplies or services identified in the schedule as the S&amp;S requirement throughout the life of the contract. This capability shall be maintained in addition to peacetime level requirements and other existing Government contracts.</p> <p>(1) Notification of S&amp;S Capability Changes. Changes that negatively impact S&amp;S capability shall be reported in writing to the Contracting Officer within ten working days after the contractor becomes aware of such impact. Such notification shall include the Contractor's proposed corrective action plan.</p> <p>(2) Changes and Additions. The Government reserves the right to revise, reassess, or update S&amp;S requirements during the life of the contract.</p> <p>(3) Agreement to Participate in S&amp;S Validation/Testing. By submission of an offer for the S&amp;S requirement, the contractor agrees to participate in S&amp;S testing as required by the Government to validate the S&amp;S capability. Testing/validation may include, but not be limited to, participation in live exercises, participation in Commander-in-Chiefs or Joint Chiefs of Staff exercises approved in the DLA Joint Training Plan, paper exercises, simulations, or command post exercises. The Government reserves the right to require tests using other methodologies when deemed appropriate.</p> <p>(c) Ordering. Any S&amp;S designated supplies or services to be furnished under this contract will be ordered in accordance with the ordering clause by issuance of delivery orders or task orders specifically identified as 'S&amp;S Orders.'</p> <p>(1) Effective Date for S&amp;S Capability. Orders for the S&amp;S quantity may be issued immediately after award unless the contractor has identified during negotiations, and the Government has approved, an alternate date for the contractor to attain the required S&amp;S capability. The contractor's capability assessment shall clearly support the alternate date for attaining full S&amp;S capability.</p> <p>(2) Limitations. The order limitations clause applicable to the peacetime level requirements shall not apply to the S&amp;S quantity to the extent that it conflicts with the quantity necessary to support a contingency. The Government reserves the right to order less than the total phased quantity specified for each S&amp;S delivery. The Government may order in excess of each phased delivery quantity provided the contractor shall accept the excess quantity. Multiple orders for the same NSN may be issued to support multiple contingencies provided the total quantity ordered does not exceed the total S&amp;S quantity for all phases of delivery.</p> <p>(3) Contract Ceiling. The Government reserves the right to increase the contract ceiling as necessary to accommodate the S&amp;S quantity to the extent such quantity was not considered when establishing the initial contract</p>		
I67	52.216-19	ORDER LIMITATIONS (OCT 1995)			
<p>(a) Minimum Order. When the Government requires supplies or services covered by this contract in an amount of less than n/a DVD or * Stock, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.</p> <p>(b) Maximum Order. The Contractor is not obligated to honor -</p> <p>(1) Any order for a single item in excess of n/a DVD or n/a Stock</p> <p>(2) Any order for a combination of items in excess of n/a , or</p> <p>(3) A series of orders from the same ordering office within 10 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.</p> <p>(d) Notwithstanding paragraphs (b) and (c) above, the contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 10 days after issuance, with written notice stating the contractor's intent not to ship the item (or items) called for and the reasons.</p>

<p>FAR Clause 52.216-19, above, provides for a minimum delivery order amount of \$ 1.00</p> <p>Notwithstanding such minimum order amount, the minimum order quantity per delivery order shall be not less than the Quantity Unit Pack (QUP) quantity (manufacturer's standard pack for items without an identified QUP) and all orders will be in multiples of the QUP.</p>					
I71	52.216-22	INDEFINITE QUANTITY (OCT 1995)			
<p>(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after * days from the date of contract expiration.</p>					
I88	52.217-9	OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)			
<p>(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to contract expiration; provided, that the Government gives the Contractor a preliminary written notice of its intent to extend at least 90 days before the contract expires.</p> <p>(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 72 months.</p>

(a) 'Segregated facilities,' as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin because of written or oral policies, or employee custom. The term does not include separate or single-user rest rooms and necessary dressing or sleeping areas, provided to assure privacy between the sexes.

(b) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.

(c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

41 U.S.C. 601-613, (CDA), prior to issuance of a final decision by the contracting officer, that arise as a result of either a contractor or government claim, except for proposed Terminations for Default, and (2) other contract disputes, resulting from an issue in controversy, that the contracting officer determines suitable for mediation. Mediation involves a neutral, called a mediator, who assists both parties as they try to resolve their dispute voluntarily and produce a solution that is acceptable and beneficial to both. After unassisted negotiations over an issue in controversy have proven ineffective in either situation, the contracting officer will contact the contractor seeking to resolve the dispute through mediation. In either situation, a contractor's decision not to engage in mediation shall be conveyed in writing to the contracting officer.

Mediation undertaken pursuant to this process does not waive the statutory time limitations of the CDA, within which a contracting officer must issue a final decision on a claim filed pursuant to the CDA, as expressed in FAR Clause 52.233-1, Disputes, paragraph (e). If mediation is unsuccessful, the parties retain their existing rights under the CDA. (99140)

**SECTION K****K2 52.203-2 CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)**

(a) The offeror certifies that:

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting

competition, any consultation, communication, or agreement with any other offeror or competitor relating to (i) those prices, (ii) the intention to submit an offer, or (iii) the methods or factors used to calculate prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by signatory that the signatory --

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above; or

(2)(i) has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above . . .

(Insert below the full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization);

TITLE: \_\_\_\_\_

(ii) As an authorized agent, does certify that the principals named in Subdivision (b)(2)(i) above have not participated, and will not participate, in any action contrary to Subparagraphs (a)(1) through (a)(3) above; and

(iii) As an agent, has not personally participated, and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above.

(c) If the offer deletes or modifies Subparagraph (b)(2) above, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

**K4A 52.203-11 CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (APR 1991)**

(a) The definitions and prohibitions contained in the clause, at FAR 52.203-12, Limitation on Payments to Influence Certain Federal Transactions, included in this solicitation, are hereby incorporated by reference in paragraph (b) of this certification.

(b) The offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that on or after December 23, 1989, --

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract, the making of any Federal Grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement;

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the offeror shall complete and submit, with its offer, OMB standard form LLL, Disclosure of Lobbying Activities, to the Contracting Officer; and

**K6 52.207-4 ECONOMIC PURCHASE QUANTITY - SUPPLIES (AUG 1987)**

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals, or quotes are requested in this solicitation is (are) economically advantageous to the Government.

(b) Each offeror who believes that acquisition in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

## OFFEROR RECOMMENDATIONS

ITEM	QUANTITY	PRICE QUOTATION	TOTAL
------	----------	-----------------	-------

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate that different quantities should be acquired.

**K7A 52.209-5 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, PROPOSED DEBARMENT, AND OTHER RESPONSIBILITY MATTERS (DEC 2001)**

L59DA 52.217-9G26 SURGE & SUSTAINMENT CAPABILITY  
ASSESSMENT DSCR (JUNE 2001)

(a) Proposals submitted in response to this solicitation shall include a proposed approach to meeting the Surge & Sustainment (S&S) requirement identified in the schedule. The proposed approach shall include the initial ramp up (surge) and subsequent production and delivery (sustainment) of supplies to support simultaneous contingencies. The contractor's proposed approach shall be supported by a production capability assessment, as an attachment to the proposal, containing, but not limited to, the following areas:

(1) The contractor's methodology enabling visibility of supplier base resources on a continuing basis.

(2) Identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, a description of S&S strategies for all items.

(3) Identify 'problem' items for which S&S cannot be easily met, proposed solutions for these items, and any significant investments (dollars or otherwise) needed to implement these solutions, including investments by the Government.

(4) Describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.

(5) The contractor's agreements with suppliers and service providers that reflect access to S&S resources.

(6) Clearly identify any significant investments (dollars or otherwise) required to resolve the problem areas identified under subparagraph (3), or other subparagraphs above, needed to develop S&S capability, including, but not limited to, the following information:

- (i) Why the investment is needed;
- (ii) what will be purchased with the investment;
- (iii) basis for the investment cost;
- (iv) the S&S capability to be gained from the investment; and,
- (v) for investments needed to affect strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

(7) If the S&S requirements can be easily met with current levels of production, the following information may be provided in lieu of the detailed assessment requested above:

- (i) The contractor's rationale for concluding the required S&S resources are readily available; and,
- (ii) the contractor's ability to meet the S&S requirements through access to these resources.  
(Note: The commercial nature of an item, in and of itself, is not an adequate rationale for concluding the item is readily available. The information submitted shall include a description of access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.)

L75B 52.233-9000 AGENCY PROTESTS  
DLAD (SEP 1999)

Companies protesting this procurement may file a protest

1. with the contracting officer,
2. with the General Accounting Office, or
3. pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office.

Protests filed with the agency should clearly state that they are an 'Agency Level Protests filed under Executive Order No. 12979.' (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

DSCR NOTE:		SECTION M			
<p>Executive Order 12979 encourages the use of Alternative Dispute Resolution in resolving Agency-level protests. Therefore, DSCR has in place a process to mediate Agency-level protests filed pursuant to Executive Order 12979. Mediation is a voluntary process where the parties meet with a third party neutral (the mediator) to discuss their positions and open a dialogue. The mediator does not make any decisions on the dispute, but rather helps the parties explore their concerns and possible avenues for solutions. Any mediation will occur at DSCR. A trained DSCR mediator who has not had previous personal involvement in the procurement will conduct the mediation. If resolution of the protest is not reached through the mediation process, the protest will be forwarded to the Chief of the Contracting Office for a written decision on the record. If an offeror wishes to file an Agency-level protest, but does not wish to engage in a mediation, the Agency-level protest should state that the protesting party does not wish to participate in a mediation and would like a decision on the written record.</p>		<p>M3B 52.211-9003 CONDITIONS FOR EVALUATION OF OFFERS OF GOVERNMENT SURPLUS MATERIAL DLAD (APR 2002)</p> <p>(a) Definition.</p> <p>'Surplus material,' as used in this provision, has the same meaning as in the clause at 52.211-9000, Government Surplus Material.</p> <p>(b) The Agency will evaluate an offer of surplus material when the Contracting Officer determines the Offeror is otherwise in line for award, after adding the cost of evaluation (\$200 for internal evaluation and, if applicable, an additional \$500 for each Engineering Support Activity (ESA) evaluation, plus any additional fees required for special testing and/or inspection).</p> <p>(c) When an offer is for a quantity less than the solicited quantity, the contracting officer will consider the \$500 cost of issuing and administering more than one award. 		<p>M8 52.214-9002 TRADE DISCOUNTS DLAD (JUN 1983)</p> <p>M10F 52.215-9G05 AUTOMATED BEST VALUE SYSTEM DSCR (JUL 2002)</p> <p>(a) The Automated Best Value System (ABVS) Score as an Element of Past Performance Evaluation.</p> <p>(1) ABVS scores do not determine eligibility for award or technical acceptability. The Government shall use ABVS scores to compare past performance among offerors, not to make determinations of responsibility.</p> <p>(2) To evaluate each offeror's past performance, DLA will assign an ABVS score to each offeror based on the offeror's past performance. ABVS scores for performance in each Federal Supply Class (FSC score) will be based on DLA consolidated performance history. An offeror may have multiple FSC scores but will have only one DLA score, which is a compilation of the offeror's FSC scores for all business conducted with DLA. These scores will be calculated monthly and remain in effect for a month. The ABVS score is a combination of an offeror's delivery and quality scores. The quality score reflects validated contractor caused product and packaging nonconformances during the rating period. For administrative purposes, the rating period excludes the most recent 30 days. The delivery score reflects all lines shown as delinquent during the rating period. For administrative purposes, the rating period excludes the most recent 60 days. For ABVS purposes, delinquent lines represent shipments not shipped and/or received in their entirety by the contract delivery date. The 30 and 60 day offset periods are NOT grace periods.</p> <p>(3) Business Systems Modernization.</p> <p>(i) The Defense Logistics Agency is developing and installing a new suite of commercial business software we call Business Systems Modernization (BSM). BSM will replace the old material management systems with the best of today's business applications. The first phase of BSM that will affect both DLA and our business partners is called the Concept Demonstration. This Concept Demonstration will use actual BSM software, real time data and actual transactions such as solicitations and awards. But because of the new software being tested, certain processes will change during the test and one of the most important is the change in ABVS. The collection of past performance information for certain NSNs in ABVS has been changed by the new software and will be affected by this Concept Demonstration beginning in August 2002.</p> <p>(ii) Beginning in August 2002, ABVS will not collect performance information on NSNs that are included in this BSM test. The performance data for quality and delivery performance from new contract awards for these NSNs will not be used in the calculation of FSC scores. The contract line items will also not be included in the total number of contract line items on which the FSC score is based. Subsequently, the DLA score, which is a compilation of the FSC scores, will not include performance data from new awards on these NSNs. For NSNs, which are not in the BSM</p>

test, ABVS will continue to work as it does today.

(iii) In order to determine if a NSN or FSC is included in this BSM test, go to the BSM Supplier Information Resource Center, <http://www.dla.mil/j-6/bsm/SIRC/SIRC.htm>. Awards not included in the ABVS performance data will be identified by contract numbers beginning with SPMXXX or SPEXXX in lieu of SP0XXX (this does not apply to orders issued against non-DLA Basic Ordering Agreements or contracts).

(iv) This change also means that your ABVS score in BSM will be your DLA score only; the FSC score will not be visible. This initial release will provide an opportunity for DLA, our customers, and our suppliers to use the new technology and processes to improve our supply chain effectiveness. Further information is found at the BSM Vendor Information Center at [http://131.70.202.70/j\\*2D6/bsm/test/vic.htm](http://131.70.202.70/j*2D6/bsm/test/vic.htm).

(4) DSCR will make negative quality and delivery data reflected in the ABVS score available to offerors by the 15th day of the month via the ABVS Website. The offeror's negative performance data will be posted before it is reflected in the ABVS score (Preview Period), to give offerors an opportunity to review and verify data. An offeror must challenge any negative data within the Preview Period to assure corrections are posted before calculation of the score. Offerors must submit challenges and substantiating evidence (e.g. invoices, DD Form 250s, modifications) to the ABVS Administrator. The 'Center' field will identify the appropriate focal point. For those identified as 'DSCR,' send challenges to:

Defense Supply Center Richmond  
Attn: DSCR-OZP (ABVS)  
8000 Jefferson-Davis Highway  
Richmond, VA 23297-5516

Telephone (804) 279-6881  
FAX (804) 279-5042

(5) Though offerors may challenge negative data at any time, it is to the offeror's advantage to challenge negative data during the Preview Period before it has an opportunity to be reflected in the ABVS score. Accordingly, an offeror should review performance data on a monthly basis at a minimum. When a challenge is received, the ABVS score will be flagged. The flag will remain until the challenge is resolved. If an offer under evaluation involves a challenged score, then the Contracting Officer will consider the nature of the challenged data and its relevance to the acquisition as part of the award decision. The ABVS Administrator will adjust the ABVS score if the Administrator upholds an offeror's challenge. Scores created in the update cycle immediately following the determination will reflect the adjustment.

(6) When there is a discrepancy between the offeror's challenged data and the Government's data, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously. However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and may make an award decision despite the existence of an unresolved challenge.

(b) Using the ABVS score for evaluation.

(1) The contracting officer will first evaluate offers using the FSC score for the solicited FSC in effect at the time offers are evaluated. The contracting officer will use an offeror's DLA score to evaluate an offeror without an FSC score for that particular FSC. The contracting officer may consider the volume of business on which the FSC score is based as a measure of confidence in the score's indication of performance risk. The contracting officer may choose to use the DLA score if he or she lacks confidence in the FSC score. The contracting officer also may use the DLA score if the FSC scores among offerors are relatively equal. An offeror with no performance history will not be evaluated favorably or unfavorably and will be assigned a '999.9' in the ABVS. A '999.9' is used to designate those instances wherein the offeror has no past performance history, has no history for the particular FSC or has no history for the timeframe being rated.

(2) Contractor caused discrepancies or delinquencies will be reflected in the ABVS as an indicator of past performance. Repair, replacement or reimbursement of quality and packaging defects will not provide relief of

negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

M10G 52.215-9G06 EVALUATION AND AWARD  
DSCR (FEB 2000)

(a) AWARD. The Government intends to evaluate proposals and, if necessary, conduct discussions with all responsible offerors within the competitive range. The award will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government. Therefore, award may be made to other than the lowest priced or the highest technically rated offer.

(b) RELATIVE IMPORTANCE AND TRADE-OFFS. The Government will base the determination of best value on a comparative assessment of the offerors' prices, past performance, and the other evaluation factors identified elsewhere in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors, when combined, are:

- ☐ significantly more important than cost or price. As other evaluation factors become more equal, the evaluated cost or price becomes more important.
- ☐ approximately equal to cost or price; or
- ☐ significantly less important than cost or price. As the evaluated cost/price becomes more equal, relative importance of all other evaluation factors becomes more significant.

The final award decision may involve a trade-off among cost or price and the non-price factors. Factors that may be considered in the trade-off process include, but are not limited to:

Item criticality and weapons system application  
Delivery schedule and current inventory status  
Historical delivery or quality problems  
Concerns over limited supply sources and industrial base  
Benefits from obtaining new sources

(c) COST OR PRICE. The Government will evaluate the offered cost or price for cost realism, as defined in FAR 15.401, and reasonableness. The Government will add any other cost or price evaluation factors identified elsewhere in this solicitation (e.g. Buy American Act or FOB Origin transportation costs) to arrive at the offeror's evaluated cost or price. The evaluated cost or price will be used in conjunction with the other non-price factors to determine the best value to the Government.

(d) PAST PERFORMANCE EVALUATION FACTORS. The Government will use the past performance evaluation factors marked below in addition to cost or price and other evaluation factors specified in the solicitation. Unless indicated otherwise, past performance is significantly more important than other non-price factors. Within the past performance subfactors, ABVS scores will be weighed most heavily because of their relevance to DSCR awards. Quality history and delivery schedule compliance will be weighed more heavily than the remaining past performance subfactors. All other non-price evaluation factors specified in this solicitation weigh equally, unless otherwise indicated.

(e) PAST PERFORMANCE. Past performance includes, but is not limited to, the offeror's record of conforming to contract requirements and standards of good workmanship; adherence to contract schedules, including the administrative aspects of performance; the offeror's reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the offeror's business-like concern for the customer's interest.

(i) Offerors may submit with their offer information on past and current Federal (non-DSCR), State and local government and private sector contracts performed by the offeror at the proposed performance location within the last three years that are similar in nature to this acquisition. Offerors electing to submit this data must furnish at least the following information: name and address of the contracting entity; the contract number; award and completion dates; the dollar value; the contract type; the items or services provided; two references, with title and phone number; and any problems encountered and the corrective action taken by the offeror.

(ii) By submitting past performance information, the offeror agrees to permit the Government's representatives to contact the listed references and inquire of the offeror's performance. If more than three contracts are identified, the Government reserves the right to randomly select and limit its review to three contracts. In addition to the information provided, the Government may consider information obtained from other sources when evaluating the offeror's past performance. Offerors will be given the opportunity to discuss negative past performance information obtained from references if the offeror has not had a previous opportunity to comment on that information.

(iii) In addition to the information above, DSCR will use the Automated Best Value System (ABVS) to evaluate quality and past performance on DLA awards (see 52.215-9G05).

(iv) Offerors with no past performance history (whether internal or external to the Federal government) will not be evaluated favorably or unfavorably.

**M12 52.216-9G09 EVALUATION - INDEFINITE QUANTITY CONTRACT DSCR (NOV 1996)**

Offers will be evaluated on the basis of the estimated annual quantity. If quantity breaks are offered with various prices, the highest price offered will be used for evaluation.

If line items for both stock and DVD are included in the schedule offers will be evaluated based on the total extended price for the stock and DVD line items.

**M15 52.217-5 EVALUATION OF OPTIONS (JUL 1990)**

**M19CA 52.217-9G27 SURGE & SUSTAINMENT EVALUATION - MINIMUM REQUIREMENT DSCR (JUNE 2001)**

(a) Evaluation. The surge & sustainment (S&S) requirement identified in the schedule represents a minimum requirement for award; therefore, offerors that fail to offer for the S&S requirement or submit proposals that are deficient may be rejected. The S&S capability assessment specified in 52.217-9G26 will be evaluated to determine the offeror's ability to meet the increased quantity/accelerated delivery requirements identified in the schedule for S&S.

(b) Acceptable Standard. Acceptable proposals must:

(1) describe a methodology which enables visibility of supplier base resources on a continuing basis;

(2) identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, provide a description of S&S strategies for all items;

(3) identify problem items for which S&S cannot be easily met, propose solutions for these items, and identify any significant investments (dollars or otherwise) needed to implement these solutions;

(4) describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements; and

(5) provide information regarding agreements with subcontractors, suppliers and service providers, if applicable, that reflect access to S&S resources;

(6) identify any significant investment (dollars or otherwise) under (3) or other subparagraphs above, needed to develop S&S capability, with the following information:

(i) An explanation of why the investment is needed.

(ii) A description of what items or materials will need to be purchased with the investment.

(iii) Provide a justification/basis for the investment cost.

(iv) Identify the S&S capability to be gained from the investment.

(v) For investments to effect S&S strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

(c) Acceptable Standard Commercial. The following standard shall apply in lieu of paragraph (b) for commercial items that are readily available and accessible in sufficient quantities to meet the S&S requirements. Adequate proposals shall:

(1) provide information to support the rationale for concluding that the S&S items are readily available;

(2) describe how access to these resources will provide the ability to meet S&S requirements; and

(3) identify a plan for coordinating distribution and transportation services for meeting S&S requirements

(d) Deficient Proposals. Proposal revisions to correct deficiencies in S&S capability may be addressed during negotiations with offerors determined within the competitive range.

(e) Price. Price(s) associated with S&S items will be evaluated for reasonableness and realism in accordance with proposal analysis techniques specified in FAR 15.404. The total evaluated price associated with a proposal will include S&S prices/costs only to the extent such prices/costs represent:

(1) the dollar amount that must be obligated or reserved at time of award to implement and or maintain the S&S capability and

(2) the dollar amount associated with a confirmed requirement to support an actual contingency.

(f) Materially Unbalanced Offers. The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract lines is significantly overstated or understated as indicated by application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that lack of balance poses an unacceptable risk to the Government.

**M19D 252.225-7003 INFORMATION FOR DUTY-FREE ENTRY EVALUATION DFARS (MAR 1998)**

(a) Does the offeror propose to furnish --

(1) A domestic end product with nonqualifying country components for which the offeror requests duty-free entry; or
